Safety Picnic at Lenape Park

On May 9, 1962, the safeties of Trainer School had their outing at Lenape Park. Safeties from all over Delaware County attended the annual picnic. All safeties recieved 6 tickets and the food was free. Many activities were in the spot-light along with the amusements. The sack race for the 14 year old girls was won by Diane Stichter (1st) Ruth Ann Donnelly (2nd) Sara Gibbons (3rd). Also, Karen Boyanek & Diane Stichter won third place in the 3-legged race for 14 year old girls. The most exciting contest was the pie-eating for 14 year olds of which Sissy Bardsley won first place.

The safeties left the park between three and four O'clock with memories of their safety in mind.

The Eighth Grade Trip

On May 18th, 1962, the 8th grades of Trainer went to Harrisburg, the Hershey Chocolate Plant, and Hershey Park. The trip up took 3 hrs. in which they stopped at a diner to eat. Upon reaching Harrisburg, they toured the capital building, seeing the Senate and House of Representatives. Next was the Hershey Plant, where they saw how they make their chocolate products. Then off to Hershey Park for the rest of the afternoon. At the park there were such rides as the Mill Chute, the Comet (roller coaster), bumping cars, the Bug, and 3 fun houses. On the way back, they stopped at a diner, at which it took $\frac{1}{2}$ hour to get a coke. On an average each person spent two dollars. Well, we all had a good time as far as I know.

Fifth Grade Trip

When we went on our trip, we went to the Franklin Institute and the Academy of Natural Science. There were a lot of many interesting things. We learned a lot and enjoyed ourselves very much.

5th grade

Our Trip

On June 1st, 7th grade went on their school trip. The class went to the Navy Yard, the airport, and to WCAU T.V. studio.

At the Navy Yard, the class went through the U.S.S. Hake, a submarine, which is about 311 feet long, 27 feet wide, and weighs 1500 tons. Altogether it carries 24 torpedoes.

At the T.V. station, the class was shown how shows are taped & played. Also, the class saw Gene London in person.

We were accompanied by Mrs. Dare, Mrs. Louth, and Mrs. Replogle. The class would like to thank Mrs. Dare, the mothers, and the busdriver for helping us to have such a nice trip.

Our Trip

We all wanted to take a trip,
 We went by bus instead of by ship.
 To Franklin Institute we did go,
 And saw many things they had to show.
 There was so much for us to see,

But we could only stay until 3.
 So to the city we hope to go next
 year,
 Join us folks and much you'll
 hear.

Sports of the Century

Picture yourself in the year 1927. Do you know what famous event in baseball took place that year? Babe Ruth hit his 60th homerun and the record for the largest amount of homeruns in a season was made. Now come along on the 1961 season with Rodger Maris, a player for the New York Yankees. He hit 62 homeruns in a season but in a sense did not break the record. Ruth hit his runs in less games than Maris. This is big league, but no matter what league you play it is your job to do your very best. Babe Ruth and Rodger Maris did.
